Full Stack Web Developer

Profile

I have recently immigrated to the UK, to sustain a better career path. I am especially interested in pursuing a web development orientated career, whereby I can show my full potential in a competitive environment. Prior to relocating, I have had two years internal sales experience, working for Burquip International (Pty) Ltd; a large truck and trailer manufacturing company in South Africa. This job enabled me to develop key skills paramount to my success. Which is evident in my promotion, after two months, to an internal sales executive. In addition, I was successful in meeting and often exceeding goals and targets set by management.

I am also well into my Computer Science studies and have almost completed my level 5 diploma through the Code Institute.

To Whom It May Concern

15 January 2017

It is my great pleasure to write this letter of recommendation for Matthew Turner.

Based on my interaction with Matthew during his time of employment at Burquip International (3 March 2016 to 25 July 2017), as a store assistant (2 months) and sales executive, I can state with confidence that he is a self-disciplined, self-motivated and a responsible person. He consistently demonstrated all of these qualities and more, and I heartily endorse him for any customer service position.

His work was consistently completed on time, and he participated actively with valuable contributions. Matthew multitasks effectively and is able to handle a high-volume workload.

He consistently met or surpassed all weekly call centre metrics and sales to walk-in clients (including customer satisfaction, call volume and response time), and his daily written reports' were accurate and thorough.

I strongly believe he has tremendous potential and wish him the very best for all his future endeavours.

Regards

Jacques Viviers
